

# Slough Lifelong Learning

## Web Design for Business Advanced

**Venue: Slough & Eton School Adult Education Centre, Ragstone Road, Slough, SL1 2PU**

**Time: 18.00 to 20.00**

**Duration 10 weeks**

**Cost Free £50.00**

### **Course Aim**

To allow learners to be able to create a site, using CSS, and then make the site dynamic using (PHP & MySQL) so that the learner is able to update the content via a password protected admin area

### **Planned Outcomes**

**As a result of your learning you should be able to:**

- ✓ Set up a PC as a local development environment
- ✓ Set up a MySQL database
- ✓ Build a simple dynamic website, with an admin login, allowing users to update the content online

### **Additional information**

- ✓ Learners must have prior knowledge of PC use & ideally of MS Office products
- ✓ Learners should be able to communicate & understand English
- ✓ Bring a notepad & pen to take notes if necessary

### **Planned Special Activities**

- ✓ Learners will get to design & create their own website using FrontPage

### **Qualification Slough Lifelong Learning Certificate of Attendance**

Please note certificate will only be awarded to those learners with a minimum attendance of 90%
